
UNIQUE PEACE OF MIND MONETISATION

Bond-backed, no fees, guaranteed payout

Most clients are stuck with upfront fees & insurance costs, but we offer :

- Guaranteed return, because it the backed by a 100bn bond from a Trillion Dollar Hedge Fund
- No upfront fees! - all paid by the Platform
- Administered one of the best law firms in the USA.: Taylor English Duma LLP
- A legally, auditable, trackable and transparent process to provide peace of mind

This is NOT the traditional platform approach; This new unique approach has been carefully designed to resolve the structural root issues that led to the failure of Platforma to perform

Summary of Offer:

1. Most hard assets; Art, Gold, Diamonds, Rubies, Nickel Wire, Ultra Fine Copper Powder, Silver etc.
2. Inground Assets with NI 43 101)
3. **Insurance is provided at no cost** to the Asset Owner
4. **Legal fees paid** by the platform
5. Even a **Performance Bond is provided free of charge** to the owner/Investor
6. All activities will be going through the **escrow account** of Taylor English Duma LLP
7. The same law firm will also be responsible for paying master duties as well.
8. One-year programme with the option to roll over up to 5 years.
9. At the end of the monetisation programme, the desk will put an **offer to buy the asset.**
10. **Guarantees** can go to individual asset owners.

The total cost to the Asset Owner/ Investor after submission: NIL!

150bn of Assets already accepted - the 100Bn Bond covers the tradable value (20-70% LTV)

Everything is done legally, auditable, trackable and transparent to provide peace of mind and guaranteed monthly return

Time scales:

The whole process takes two to three months, in some cases 6 weeks as well

1. Platform-specific KYC will be provided (Either Private Individual KYC or Company KYC)
2. Week 1: Due Diligence
3. Weeks 2-6: Insurance Wrap
4. Week 7: Performance Bond
5. Week 8: Monetisation
6. Finally, **the Desk speaks directly to the Principal** and legal contracts signed

How it works:

- Each Asset is used to raise a credit line SPV: track every individual.
- The credit line will be monetized by the bank at 70%
- The credit line against the asset will be a minimum of 20%. It can be as high as 70%.
- At the end of 5 years, the desk will put an offer to buy the asset.
- Profit can be paid monthly, quarterly, or yearly

This summary does not form part of the contract but is designed to give an overview. Fully details will be provided by the Platform
